**Donations, c/o Elizabeth Browne, CEO**

**Charles River Community Health**

**495 Western Avenue**

**Brighton, MA 02135**

**About Charles River Community Health.** We are the *only* community health center for the 168,000 residents of Allston-Brighton, Watertown, and Waltham. We serve as an *indispensable* resource in our community. Our patients are largely immigrants from Central and South America, the Caribbean, Asia and Africa; from the local Muslim community; and from the local LGBTQ community. Before coming to us, many had never received basic services, such as health screenings or dental care. In 2019, 71% lived at or below 200% of the federal poverty level; more than 570 were homeless or living in shelters. Most are on Medicaid or other subsidized public insurance (40%), or are uninsured (34%). It is critical that we maintain staffing and program capacity, continue to deliver excellent holistic clinical care that is needed to minimize the spread of COVID-19, deliver essential care to our patients, protect our patients, staff, and community – and address the very real health inequities stemming from COVID-19.
